Re: Metro Container Corporation Site
Docket No. III-89-11-DC

Dear Steve Werren:

This letter is to confirm our decision to move the downstream sediment sample required by the Scope of Work, Addendum IV of the Administrative Order on Consent referenced above, to an onsite sediment sample. As you know, the downstream sediment sample could not be taken at the time of my site visit on December 12th, 1989 since the stream's bed and banks were both lined with rocks to prevent erosion; therefore, an onsite sediment sample was substituted for the downstream sediment sample. I believe the onsite sediment sample will give us more information to plan a future course of action. If you have any questions, feel free to contact me at (215) 597-6680.

Sincerely,

Peter Kho Project Officer
